ALDELO EXPRESS

E2E CLOUD POINT OF SALE PLATFORM

POS HARDWARE AND PROCESSOR AGNOSTIC

DISCOVER ALDELO EXPRESS "FREEDOM OF CHOICE"

With scalable solutions, Aldelo Express operators activate POS features applicable to their business at any time, at zero additional cost. Merchants also select from "affordable and available" non-proprietary POS hardware options.

Some Aldelo Express Options Include:

- iPads, Android Tablets, and Android-Based POS Terminals
- Roaming Orders and Digital Payments via All-in-One Android Mobile POS Devices
- Self-Service Kiosks
- Interactive Multimedia Customer Display Screens that Support Audio, Video, and Image-Based Promotions
- Digital Kitchen Display Systems (KDS) that Work Alongside Kitchen Printers
- Inventory and Recipe Module
